Packaging Recycling: Steps You Can Take

- ▶ **Understand how regulations apply** specifically to package recycling, including the ramifications of **collecting used cartridges, batteries and disposables** in your dispensary.
- ▶ **Ask vendors about recycling programs** they may offer.
- ▶ **Stay informed on the materials being used to manufacture** the products you sell and their potential for being recycled.
- ▶ **Keep your staff fluent in what your dispensary can and can't do.**
- ▶ **Help consumers and recyclers connect.**
- ▶ **Educate customers**—at point-of-sale and with signage, packaging and website copy—on recycling steps they can take at home.

Business Energy Savings Checklist

- ▶ Replace incandescent lights with compact fluorescent lights (CFLs) or light-emitting diodes (LEDs) for desk lamps and overhead lighting.
- ▶ Use dimmers, motion sensors, or occupancy sensors to automatically turn off lighting when not in use to reduce energy use and costs.
- ▶ Use ENERGY STAR products.
- ▶ Replace cathode ray tube (CRT) monitors with LED or liquid crystal display (LCD) monitors.
- ▶ Have a qualified professional perform an energy audit. Check with your utility company for names of auditors. Install programmable thermostats.
- ▶ Verify the energy management system switches into setback mode during unoccupied hours. Also, time clocks and computer controls may need adjustments after power outages or seasonal time changes.
- ▶ Install meters to track energy use.
